

NVAC Safety Working Group Charge

- 1) Undertake and coordinate a scientific review of the draft ISO research agenda.
Advise on:
 - a) Content of ISO draft research agenda (e.g., are the topics on the agenda appropriate? Should other topics be included?)
 - b) Prioritization of research topics
 - c) Possible scientific barriers to implementing the research agenda and suggestions for addressing them
- 2) Review the current federal vaccine safety system and develop a White Paper describing the infrastructure needs for a federal vaccine safety system to fully characterize the safety profile of vaccines in a timely manner, reduce adverse events whenever possible, and maintain and improve public confidence in vaccine safety.
